Industries

1. Construction

Diverse, demanding, and driving high stakes, the Offshore Construction & Subsea sector is growing rapidly.

2. Drilling

With tight project timelines, high standards of quality, and constantly-evolving knowledge, the Drilling & Well Servicing sector demands excellence across the board.

3. Marine

The Marine sector is massive, challenging, and multi-faceted. MD Offshore is compliant with the Maritime Labour Convention (MLC).

4. Hookup-Commissioning

A highly analytical approach to recruitment is vital in the Hook Up & Commissioning sector, with varying technical & operational demands across both greenfield & brownfield projects.

5. Catering

Our global Offshore and Onshore Catering services are delivered remotely across a variety of asset types operating in the Offshore, Onshore, Oil and Gas, Marine, Drilling & Construction industries.

6. Well Logging

We also serve technical drilling manpower to the oil majors as well as oilfield services such as well testing, mud logging, cementing, acidizing and wireline services.
